PARIKSHA PE CHARCHA 2022-23: -

Pariksha Par Charcha 2022 was held at Talkatora Stadium, New Delhi on 1st April, 2022. It was shown online at Abhivyakti (Assembly Hall) to the students of classes IX to XII. Prime Minister Mr. Narendra Modi shared interesting mantras for students and Parents beating exam stress and becoming successful in life. He talked about various aspects of student's life and shared his experiences as well. He said celebrate exams as a festival. Students should be confident about what they have studied and not worry much about the parts that he/she could not cover. If they are totally focused on the classes then offline or online mediums do not matter much. Talking about the National Education Policy 2020, PM Modi said, "Education experts from all over the country contributed to rigorous brainstorming with the people of India to finalize the NEP 2020. Earlier, sports were considered as an extra activity. But, now with NEP 2020, sports are included as an integral part of education. Sports and games are very important for one's growth. PM Modi advised the parents to not force their dreams and ambitions on their children. "They should observe the students' strength, capacity, dreams, and ambitions. He advised the students

not to study just for an exam but to study for knowledge. He also emphasized the fact that the mindset of prioritizing sons over daughters should be changed.

Pariksha par Charcha was seen live by students of classes VI to XII on 27th January 2023. Honorable Prime Minister Sh. Narendra Modi addressed the concerns raised by parents, teachers and students. He answered different queries raised from students from different parts of the country. He encouraged students to learn regional languages, to do digital fasting for at least one day a week, to do hard work and how to handle criticism. He told parents not to pressurize children and criticism should be done in a positive and constructivism way. Answering a question about time management he said that students should learn about time management from their mother, as she is the one who very well how to do time management. He said that some students use their creativity for 'cheating' in examinations but if those students use their time and creativity in a good way, they will achieve heights of success

LEADERSHIP TALK (MINISTRY OF EDUCATION’S INNOVATION CELL):-

The first leadership talk for schools was conducted in Sri Sathya Sai Vidya Vihar, GAIL, Vijapur by Ministry of Education’s Innovation Cell on 18th November, 2022 at 11 am by means of a YouTube link shared in advance by SIC team of CBSE. All the Innovation council members of the school along with students of classes 9th and 10th participated in it. There were 58 male student participants and 44 female student participants along with 14 teachers. Under this talk, an interview with Mr. Yashraj Bharadwaj - a notable successful 23-year-old entrepreneur was conducted. He is the cofounder of Petonic Infotech Fellow and Advisor, UC Berkeley. He encouraged students to have a mindset of becoming Entrepreneurs 24x7 in your school life and about doing and working upon whatever excites you and drives you the most. It depends upon what your hunger is. He told that how he and his twin brother googled the name of those professors, researchers and authors who were working on those related topics and over several months tried to build and discuss these concepts with them. He said that if one really wishes to find, many good people are always there to help. He also emphasized that how social media has taken over the lives of young children and how it will not help them to focus on the correct things. He also emphasized the fact that one should always keep talking about your decisions with your parents and mentors as they might say something in the discussion that would impact a lot on the

decision making. This generation has to understand the importance of digital presence to the start-up and is crucial especially in India with a market of 130 billion people. It makes effective due to the digital outreach to the public. The advantages of becoming an entrepreneur besides being your own boss is to learn and take decisions, take risks and if you succeed you win and have a smile or satisfaction on your face. If you do not succeed, you learn and take care in the next decision one makes. This feeling to be able to achieve that satisfaction and never to chase after money is what an entrepreneur should look forward for. This talk was truly inspirational and students gained a lot from this session.
